

TRAVEL FRESH AND LIGHT

Net is the ultra-light Inglesina stroller, weighing just 11 lbs. The base of the seat cover is made entirely of mesh, in order to provide air circulation even in the warmest months. The Net wide seat and 2-position recline allow your little passenger to take a pleasant nap, and its canopy is rated UPF 50+ (Ultraviolet Protection Factor) to protect him/her from the harmful sun rays. Easy to clean, its seat pad is removable and washable.

Net is extremely easy to open and close, and - once folded - it can stand on its own, in a way that no part in direct contact with your baby will touch the ground (plus you will not have to bend either). It features a practical shoulder strap to take it with you on trips.

In 2016 the Net stroller features a frame and mesh fabric that are completely black (exclusively for the American market). The Net you used to love now got even better.
